

ICEF11 International Congress on Engineering and Food

1 year after...

ICEF11, held in Athens from May 22 through May 26, 2011, was perhaps the most enjoyable conference that I have attended in my career.

Finally my congratulations to the organizing committee for planning and executing an exceptional congress. I was blessed to meet many of you and to experience your gracious hospitality, not to mention your Greek competence. And you must be proud of your protégés who made up the host of volunteers. It is hard to describe my feelings at the end of the closing session, as the volunteers were filing onto the stage to take their bow, to hear the audience explode in thunderous applause and a well-deserved standing ovation. Congratulations to you all!

With admiration and gratitude,
Larry Merson*

Many thanks to all ICEF11 attendees!

LAEF Awardees

Congratulations for the excellent organization at all levels. It was a memorable event!
Rui Costa (PT)

ICEF11 was by far the most professionally organized conference with considerable attention given to details. This conference will remain etched in the memory of many attendees as a model of how a conference of this size should be organized to be successful.
R. Paul Singh (USA)

Thank you very much for everything. I think both scientific merit and networking with all the attendees were great success of the meeting.
Ferruh Erdogan (TR)

Thanks again for organising the fantastic conference and amazing hospitality!
Lu Zhang (NZ)

Congratulation for the success, and a special thank to all the staff, efficient, kind.
Gilles Trystram (FR)

Congratulations for the well organized ICEF in Athens. It was really perfect.
Antonio Mulet (SP)

Congratulations on your leadership for ICEF11! You and your colleagues were outstanding hosts for the scientific and social dimensions of the event.
Denny Heldman (USA)

It has really been a very successful, and well organized conference! Thank you very much for pulling it all together so well!
Yoav D. Livney (IL)

Everything was simply perfect, you really did a wonderful job! It will be difficult to beat your success story!
Walter Spiess (DE)

We thank you for the wonderful times you gave us. We know how much work and dedication it takes to organize a meeting, specially when it covers us with attention, organization, detailseverything was perfect! Congratulations!
Maria Beatriz Abreu Gloria (BR)

I am really impressed with your dedication and professionalism, and I do not have enough words to express my admiration for all what you did these last few days.
Gustavo Barbosa-Canovas (USA)

Thank you for everything, it was one of the best ICEF I attended in the last 22 years.
Ashim Datta (USA)

Passing the torch to ICEF12

Congratulations for the excellent organization of the congress and activities
Dumoulin Elisabeth (FR)

I wish to extend my personal appreciation for spearheading the wonderful ICEF-11.
Ken Swartzel (USA)

ICEF11 group have been great hosts to a very productive and enjoyable ICEF and our visit to Greece was also most enjoyable and inspiring.
Martin Okos (USA)

Visibly everything went very well!
Great job!! Stefan Kaufmann (SH)

I would like to thank you again and express my utmost personal admiration and gratitude for a wonderful and most rewarding event. In one word OUTSTANDING!
Sam Saguy (IL)

It was indeed a magnificent event. Of course nothing less would do for Greece, a land of memorable meetings ever since Plato's Symposium.
Marcus Karel (USA)

Once again thank you for the excellent congress, it was amazing how many happy faces were visible at the closing ceremony
Dietrich Knorr (DE)

The committee was successful in bringing both pioneers as well as young students, all those interested in food engineering under a single roof.
Job well done.

VM (Bala) Balasubramaniam (USA)

Thank you very much for your efforts for the best ICEF of the history!!
Marco Dalla Rosa (IT)

Many thanks for all your efforts in creating what to me was the best ICEF I have ever been to
Peter Fryer (UK)

The cultural event was an unforgettable moment in a place so special for which I was grateful.
Inês Aparecida Santana (BR)

I am glad to inform you that ICEF11 was fruitful, well organized and the topics were of high scientific standard
Amr Edris (EG)

I think many of us would definitely agree that it was one of the most successful and memorable ones. Thank you so much for the great efforts.
Hidefumi Yoshii (JP)

ICEF11 had the largest number of participants and papers of all conferences Engineering and Food. Congratulation to your impressive team on this great success. Thank you for the unforgettable Cultural Event and the Gala Dinner at the Mediterranean Sea.
Helmar Shubert (DE)

I would like also, through you, thank all the organisation committee for the opportunity you give us to discover Greece: a very beautiful country, a great history and essentially very helpful, kind and wonderful people.
Imen Bedoui

ICEF11 International Congress on Engineering and Food

Thank you!! It was a pleasure to meet the scientists from all around and be in your wonderful country.
Marcelo Cristianini (BR)

I am happy to participate. Again, thank you and congratulations on a great congress.
Peter Clark (USA)

Quebec City awaits you
for ICEF12
in June 2015!
